

Request for Support

Lend tools. Build community.

Our mission is to lend tools to support DIY projects, enhance self-sufficiency, and build a stronger community. The Chena Tool Library is a 501(c)3 non-profit and a member of the North Star Community Foundation. We loan out tools just like a book library loans out books. We strive to become a resource for the community where neighbors exchange ideas and individuals can gain confidence and have access to the tools they need to complete their projects.

Our tool inventory ranges from traditional carpentry and building tools (drills, power saws, framing nailers, wrenches) to household items (sewing machines, pressure canners, food dehydrators, chicken plucker) to automotive tools (floor jacks, air wrenches and sockets, hand grinders, torque wrenches).

To start borrowing tools, individuals can go to our [website](#) or drop by in person to sign up to become members, check out our inventory of tools online or in person, then stop by to pick them up. Membership is always affordable because individuals choose a donation amount based on how much they can afford. Borrowing tools is then free. We aim to be accessible and welcoming to all who need tools.

The CTL operates completely on the generosity of our community. We accept monetary and tool donations to pay for operating costs and expand and improve our inventory. We are also looking to partner with local businesses for discounts on merchandise and services. All donations are tax deductible.

We currently have **2 levels of sponsorship**. For your generosity, we provide the following:

- **\$250:** ~1 ft² logo at our facility and at all events.
- **\$500:** ~2 ft² logo at our facility and at all events..

Logo signs are displayed for 1 year at our facility and at all CTL events. Your company will also be recognized on our website and on all of our social media platforms. We can also put your business's advertisements at the CTL. With your support, we can grow the Tool Library to its full potential.

If you would like to support our mission, donations can be made [HERE](#) or contact us directly
